Dear Mr. Bootle:

Re: Final Approval of Amount and Form of Replacement Reclamation Surety,
Marblehead Mountain Facility, M/045/024, Tooele County, Utah

On July 27, 1989, the Board of Oil, Gas and Mining formally approved the Reclamation Contract which was provided by USPCI as a condition to final approval of the amount and form of reclamation surety for the Marblehead Mountain Facility. USPCI has now completed all of the permitting requirements to finalize the permit transfer process from Marblehead Lime Company.

I have enclosed a copy of the signed and notarized Reclamation Contract for your records. Exhibit A is not attached to your copy. We could not reproduce the blue line map you provided as part of your original application for permit transfer. Thank you for your cooperation in completing this permitting action. Please contact me should you have any questions or concerns regarding this Board action.

Sincerely,

D. Wayne Hedberg
Senior Reclamation Specialist/
Hydrologist
